FASHION MASTER  
2.0

The perfect ironing solution  
in one complete system

{ THE  
SECRETS OF  
BEAUTY }

– VOLUME TWO –

A heritage of innovation,  
A tradition in perfection,  
A promise of peace of mind.

The secrets of Beauty brought to you by Miele.

Feel the gentleness of your beautiful fabrics, handled only by the most tender of touch. Marvel at the undivided attention to the most specific needs of every kind of fabric, and create memories that linger with fragrances that evoke wondrous emotions. Then, to complete the experience, add the finishing touches that make your clothes worthy of every occasion in your life.

Perfection is made complete with the secrets of beauty.

And the final secret is the  
**MIELE FASHIONMASTER**

## *The Unceasing Tenderness*

Treat your clothes to the gentlest of care from beginning to the end with the innovative and patented honeycomb technology, found in Miele washing machines and, now, the hand iron. Pure 4-bar pressure steam, with no condensation ensures perfect and gentle results.

### **The Honeycomb Soleplate**

Exclusive  
to Miele

The patented honeycomb structure found in Miele washing machines makes its way onto the ironing soleplate. Steam is distributed evenly along the channels across the network of hexagons, providing a steam cushioning that allows the iron to glide gently and effortlessly over textiles while ensuring excellent ironing results.

The dry steam efficiently penetrates thick materials and even multiple layers of fabric to quickly iron out creases, effectively reducing ironing time. Select either steam pulses or continuous steam delivery with just a button on the hand iron.

### **The Non-Stick Soleplate**

Prints, sequins and delicate fabrics are completely protected, and shiny patches on dark articles of clothing are avoided with a non-stick soleplate that can be conveniently attached to the iron.

## *The Attention to Details*

Every article of clothing has its specific optimum treatment to uncover its full beauty. The iron plays a part in the finishing touches, but an intuitive ironing table enhances the process.

### **Active Ironing Table**

Two in-built intelligent fans respond to your ironing requirements by automatically activating when you press the steam button on the hand iron. Ironing is made simpler with these functions:

1. A suction function allows steam to fully penetrate the textiles, preventing condensation of steam and gently holding light fabrics in place.
2. An inflation function creates a cushion of air between the fabric and the table to allow smoothing without pressing, preventing seam and hem impressions in lower layers of garment.
3. A combination of the two functions allows multi-layered items to be ironed at a single go, saving time and effort.

### **Control and Display Panel**

Designed for your convenience, the control panel on the FashionMaster displays information on the readiness of the appliance, the water level in the container as well as inform you of the need for descaling, with a corresponding button to activate the automatic descaling programme.

## The Luxury of Convenience

Spend more time appreciating and showcasing the beauty of your garments and less time working on them. We designed our products to suit your lifestyle, and that means you will need less effort to achieve optimum results.

### Exclusive Steam Jet

Exclusive  
to Miele

Gently smoothen out creases from jackets, dresses and even curtains without having to unfold the FashionMaster. At just half the weight of the hand iron, the steam jet delivers the same steam pressure and comes with a brush attachment that ensures safe distance from the textile while raising the pile on fabrics.

### Automatic Rinsing and Descaling

Automatic cleaning programmes built into the FashionMaster ensures fuss-free maintenance.

### With Your Safety In Mind

Movement sensors and button monitoring ensures that when the hand iron is not in use, it automatically switches off after three minutes. If the hand iron or the steam jet is not in use for 15 minutes, the FashionMaster switches itself off.

### 1-2-Lift System

Exclusive  
to Miele

The patented 1-2-Lift system requires only two simple and effortless steps to set up the FashionMaster. Simply unlock and allow the ironing table to glide into a horizontal position. A built-in gas pressure stay also allows you to easily adjust the ironing table to the most comfortable working height.

### Perfect Mobility and Storage

The FashionMaster stands firmly and independently when folded away and can be positioned anywhere in your home. Floor-friendly rollers allow it to be moved to any location comfortably.

### Large Ironing Table with Comfort Zone

The ironing table measures a generous 120 x 40 cm, which can accommodate entire trouser legs. The Comfort Zone at the end is shaped to allow easy ironing of shirts and blouses. The larger surface area means less time needed for ironing.

## *The Brilliance of Design*

Beautifully and ergonomically designed, the FashionMaster is an all-in-one appliance that takes care of all your ironing needs. Storage compartments stowaway the iron, accessories and cables, leaving only the striking design of the appliance, which, in turn, can be stored away compactly.

The Secrets of Beauty, Revealed.  
The Holistic Nature of Miele Laundry Care, Perfected.

## FashionMaster B 2826

### Intelligent Ironing

- Honeycomb Soleplate
- Automatic on/off fan
- Memory function fan
- 2 Power settings fan

### Time-saving Ironing

- 1.25 L water tank
- Removable water tank
- Permanent refillable water tank
- Multi-layering ironing

### Perfect Ironing Result

- 4 bar steam pressure
- 100g/min steam delivery
- Vertical steam
- Steam inflation/extraction
- Non-stick soleplate

### High convenience

- All-in-one
- 1-2-Lift System
- 83 cm – 102 cm Stepless height adjustment
- Floor-friendly rollers
- Automatic descaling
- Automatic rising
- Upper and lower park box

### Safety

- CoolDown function
- Auto-Off function

### Dimensions

- 96 cm (H) x 144 cm (W) x 45 cm (T)
- 127 cm (H) x 37 cm (W) x 45 cm (T) (folded)
- 120 cm x 40 cm (table surface)

The emblem of the horse was inscribed on the very first wooden washing machine in 1901, signifying the native region of Miele in Westphalia, Germany. Together with the words "Immer Besser" meaning "Forever Better", it epitomises Miele's commitment to quality and reliability, and making the lives of our consumers better.

**2014: The Year of the Horse. The Year of Miele.**
